

Smart T5 High Bay Luminaire

This T5 high efficiency fluorescent high bay light fitting with superior reflector design achieving high output of 92% to match conventional HID 400W. Specially designed to deliver energy efficiency and cost saving illumination to retail and industrial applications.

Model : KTFHB654 - G 6 x 54W

Technical Data

Construction	: In heavy gauge steel sheet and fully pre-treated.
Reflector	: High quality & 95% reflectance aluminium.
Paintwork	: High grade white polyester powder coated high reflectance finish.
Mechanical Mounting	: Suspended mounting suitable for heights from 6 to 13 meters.
Dimension	: 370 mm Width x 1,175mm Length x 145mm Height.
Lamp Source & Weight	: 6 x 54W (8.8 kgs)
IP Protection	: IP 20
Ballast	: Electronic control gear with auto - voltage regulation from 198 - 264V fluctuates and lifetime up to 50,000 hours*.
Features	: Maximize energy savings by up to 45% : Easy to maintain - Back ballast access, replace w/o touching reflector : Flexible installation - Suspended by steel rod / pipe-mounted : Rapid re-start (not possible with HID lamps) : Low harmonic distortion certified to EN610003-2 : High power factor min. 0.97 : Safe shutdown of faulty lamps : 2 amp Fused terminal block for easy future maintenance
Optional Components	: Digital addressable lighting interface (DALI) ballast : Motion sensor & lux sensor
Applications	: Hypermarket, shopping malls, & other high ceiling indoor application

* Conditions applied
